

	Item	Quantity	Base	Shipping+Tax	Total	Notes
Antimatter Source Related:	Na-22 Positron Source	1	\$60.00	\$13.95	\$73.95	
	Lead Shielded Container	1	\$69.00	\$23.82	\$92.82	Cheaper options can be found on eBay, make sure inner dimensions at least 1.5" diameter, search for "lead pig"
	Stainless Steel Tongs	1	\$11.99	\$0.00	\$11.99	For picking up, moving, and placing Na-22 source
	1" aluminum cubes	2	\$12.95	\$0.00	\$25.90	For scattering gamma rays
Electronic components:	MightyOhm Geiger Counter Kit Bundle	2	\$119.95	\$0.00	\$239.90	
	Arduino Nano ESP32 with headers	1	\$19.30	\$0.00	\$19.30	
	3 Pcs Solderless Breadboard	1	\$7.49	\$0.00	\$7.49	
	120pcs breadboard jumper ribbon cables	1	\$6.98	\$0.00	\$6.98	
	5 Pcs OLED Display Module	1	\$15.99	\$0.00	\$15.99	
	Assorted LEDs	1	\$7.99	\$0.00	\$7.99	
	Passive Piezoelectric Buzzer	1	\$6.99	\$0.00	\$6.99	
	Assorted resistors	1	\$9.99	\$0.00	\$9.99	
Common Tools (skip if you already have):	USB-C data cable	1	\$11.89	\$0.00	\$11.89	Some USB cables are for charging only, any data-transfer capable USB cable will do
	Soldering Station	1	\$53.99	\$0.00	\$53.99	
	Wire Stripper and Crimpers	1	\$7.64	\$0.00	\$7.64	
	Safety Goggles	1	\$9.99	\$0.00	\$9.99	Important when cutting any wires/electrical components which can go flying off
Consumable Materials:	Two-Part Epoxy (Clear)	1	\$5.88	\$0.00	\$5.88	Don't substitute superglue (cyanoacrylate/CA glue) for use on lego pieces as it causes hazing with that type of (ABS) plastic
	Spool 63/37 Rosin Core Tin Lead Solder	1	\$9.49	\$0.00	\$9.49	Make sure to work in a well-ventilated area and wash hands after soldering/handling solder
	Solder Wick (in case of mistakes)	1	\$5.63	\$0.00	\$5.63	Not strictly needed, but invaluable in event of soldering mistakes
Physical Arrangement:	Adjustable Size Coin Holder	1	\$9.99	\$0.00	\$9.99	Can be adjusted to perfectly hold the Na-22 source in a centered position
	Lego compatible 15"x10" baseplate	1	\$16.99	\$0.00	\$16.99	Can hold everything in position (the Na-22 source, the Geiger counters, and the aluminum blocks)
	15x10 Cutting Board	1	\$9.48	\$0.00	\$9.48	Provides a cheap but solid backing compared to flimsy plastic baseplate
	Assorted Lego compatible blocks					Epoxy to the coin holder, bottom of Geiger Counters, and the Aluminum Blocks to position everything
Optionally support MP3 sound effects:	DFPlayer MP3 Player+Amplifier	1	\$9.90	\$0.00	\$9.90	
	16 GB SD Card	1	\$16.90	\$0.00	\$16.90	Must be formatted as FAT32, and less than 32 GB to work with DFPlayer
	Speaker 8 Ohm, 3 Watt	1	\$9.99	\$0.00	\$9.99	
	Speaker to Board connector	1	\$6.99	\$0.00	\$6.99	
	Assorted Capacitors	1	\$9.99	\$0.00	\$9.99	Can help clean up hiss/pops of speaker
Nice to haves:	Data Connection Wires	1	\$5.99	\$0.00	\$5.99	Cleaner, more solid connection between the Geiger counters and the breadboard
	Right Angle breakable Male header pins	1	\$6.07	\$0.00	\$6.07	Cleaner, more solid connection between the breadboard and the Geiger counters
	Pre-sized Jumper wires for Breadboard	1	\$8.99	\$0.00	\$8.99	Saves a lot of time prototyping a breadboard
	Helping Hands	1	\$16.79	\$0.00	\$16.79	Helps if you do any soldering of wires
	Multicolor 22 AWG solid core wire	1	\$15.99	\$0.00	\$15.99	You can get by with just jumper wires, but these make the breadboard cleaner looking
				Minimum Cost:	\$519.29	
				Tools:	\$83.51	
				Consumables:	\$21.00	
				Legos:	\$36.46	
				Sound:	\$53.77	
				Extras:	\$53.83	
				Everything:	\$767.86
